

## Salt Lake Arts Academy 2009-2010 Annual Campaign

### “Stepping IT Up!”

In this year’s Annual Campaign, Salt Lake Arts Academy is looking to our community of parents and friends to help us upgrade and enhance information technology (IT) in our school. Your gift to the Annual Campaign will give all our students access to worldwide resources within every classroom, linking students, teachers -- and your home -- to countless learning opportunities. This conversion will lead to increased student writing and work production.

This school year Salt Lake Arts Academy will receive a share of Federal Stimulus funding, which we have earmarked for IT. This one-time funding will only cover a portion of the costs to create fully digitalized “instructional classrooms” for each of our teachers. We need your support to bridge the gap; your tax-deductible contribution will go even farther combined with our Federal Stimulus money. Please consider a gift today!

- Annual Campaign Goal: \$40,000
- Ten “Instructional Classrooms”
  - document camera
  - LCD projector and screen
  - Multimedia DVD, VCR and hard drives
- 30 new computers in Humanities classrooms
- Ten new individual teacher computers
- 20 “netbook” computers to float among classrooms

For more information please contact Daphne Williams via tel 801 531 1173 ext 402 or e-mail [daphne@slarts.org](mailto:daphne@slarts.org), or drop your Pledge Card into the School office.

To make a gift online, visit [http://www.slarts.org/supporting\\_SLARTS](http://www.slarts.org/supporting_SLARTS)

Thanks for your consideration and we appreciate all the support you can provide.

***The mission of the Salt Lake Arts Academy is to teach all our students to become thoughtful, capable contributors to the world community. Our goal is to launch young learners who will one day take responsibility for shaping society’s decisions and design.***
